Website Address:

Please list any additional social media handles, facebook pages, etc. that you wish to have included as appropriate:

The new website will be 'searchable' as in 'I want to.....(fill in the blank)...please list some key words that you believe that your ideal customers would use to search for your products or services. Try to think of it in terms they would use. As an example: Use "wedding dresses" in lieu of "bridal gowns". These will result in 'tags' added to information about your business so when potential customers, visitors, etc. search the site your business or organization will show up in search results. Please try to list at least three but no more than ten.

If you have photos that you would like to be considered for the website please send the photos separately in jpeg files to office@cambridgewi.com. We cannot guarantee they can be used however we will give it our best effort.

Please write a brief description of your business. Try to keep in mind that the goal is to capture the attention of those who will be looking for your particular products or services. If you are a tourism dependent business try to describe an experience or tie it in with an activity. For instance, 'Wiped out after hitting the trails? Refresh and refill at CamRock Café & Sport located on Main Street, a stone's throw from CamRock 1 trailhead'.

If your business provides services such as accounting, law, etc. create descriptions which easily identify which types of services you offer. Perhaps try offering a complimentary first appointment to create a game plan or offer a quarterly workshop.
